

International Application for New Member Companies

The Independent Cosmetic Manufacturers and Distributors (ICMAD) invites you to become an International Member of this influential trade association. ICMAD offers cosmetic companies outside of the United States and Canada the opportunity to meet your North American peers. Our professional organization focuses on the entire cosmetic industry: manufacturers, distributors, importers and exporters, consultants and retailers.

International membership is \$400 annually, which allows you to network with ICMAD members and access to the Members Only section of icmad.org to view the latest newsletter and events. You can participate in our online directory. You also receive our *ICMAD Digest* that keeps you updated on developments in the cosmetic industry, information on government regulations, safety standards, FDA and other state regulations, a directory of cosmetic shows and labeling standards. Take advantage of this opportunity by joining ICMAD as an International Member.
